## MAY 2021

### Principal's Message

Dear Evergreen Parents!

It is May! We are excited to wrap up this school year in the most positive way, adapting traditions and activities as much as possible. While the school year has looked anything but typical, one thing remains true, our Evergreen students continue to work hard and maintain a positive attitude about school.

This month we look forward to the book fair on campus. Look for more information included within the newsletter to see how your child can participate. It is a great opportunity to purchase books at a reduced cost while supporting our library at the same time. Our elementary campus will host summer school for the entire district June 15-July 16. We are excited to offer our students a really engaging opportunity with a theme of "Me and My Community," for extended learning along with some time for fun too! The campus will be full of students and teachers for most of the month!

As the school year begins to wind down, I cannot express enough my appreciation for all of your support throughout this very tough time. Misty Copeland summarizes our school year best, "You can start late, look different, be uncertain, and still succeed." What a great way to explain what the 2020-2021 school year has been like and I do think we have all been successful in some way!

Sincerely,

*Holly Jones*

## Help Your Child Succeed in School: Build the Habit of Good Attendance Early

School success goes hand in hand with good attendance!

### DID YOU KNOW?

- Starting in kindergarten, too many absences can cause children to fall behind in school.
- Missing 10 percent (or about 18 days) can make it harder to learn to read.
- Students can still fall behind if they miss just a day or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences can affect the whole classroom if the teacher has to slow down learning to help children catch up.

**Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Good attendance will help children do well in high school, college, and at work.**

### WHAT YOU CAN DO

- Set a regular bed time and morning routine.
- Lay out clothes and pack backpacks the night before.
- Find out what day school starts and make sure your child has the required shots.
- Introduce your child to her teachers and classmates before school starts to help her transition.
- Don't let your child stay home unless she is truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Avoid medical appointments and extended trips when school is in session.

### When Do Absences Become a Problem?

Note: These numbers assume a 180-day school year.
